**Are you an ambitious and innovative leader who wants to learn how to bridge the gap between desire and action on sustainability? Then join the Swedish Institute Management Programme 2022.**

## What will the programme give you?

- In-depth knowledge and skills about sustainable business practices with a focus on human rights, climate and the environment, decent working conditions and anti-corruption.
- Capacity and knowledge to lead change and promote sustainable business practices in your own organisation.
- Insights into business cases for sustainability in Sweden, one of the leading countries in sustainable business practice.
- Customised expert coaching based on your organisation's and your own personal needs.
- A unique opportunity of close collaboration and ex-change with colleagues at your own level from several other countries, developing strong, long-lasting professional networks.
- Access to the global Swedish Institute alumni network

with leaders who are committed to sustainable business and responsible leadership.

## Who can apply?

You are welcome to apply if;

- You are a CEO or senior manager of small or medium-sized enterprises, or manager of a significant and distinct department of a large enterprise, who have responsibility for the profits of their business.
- You are highly motivated to run your business in a sustainable way and promote sustainable business practices in your country and have the mandate to drive the implementation of a sustainability strategy throughout your business

## When and where?

The programme takes place online from April to December. All costs related to the programme are covered by the Swedish Institute.
